ETHICAL GUIDELINES

- A. All contacts made by a Board member in his/her capacity as a Gulf Winds representative should be made with only the best interests of the club in mind.
- B. No Board member should personally gain financially in his/her capacity as a Gulf Winds representative.
- C. When acting as a member of the club, a Board member should place the welfare of the club above personal interests if the two come into conflict. - D. In case of doubt as to the ethics of a given situation, the Board member should inform the Board of the problem and ask for guidance.
- E. Breach of ethics as set up above could lead to the removal of the Board member from office.
